RE: Contributions and expense report

I am an unopposed candidate for District 10 Nevada Board of Education. I really haven't had a campaign. I did provide information to UNR's (or KUNR's) "Nevada Votes" project as a kind of public service. And there were two long distance phone calls to UNR from my own cell phone; I don't know how to list that as an expense, if it is considered to be one. So that's the only kind of campaign that I've done.

Thank you,

Sincerely,
